PARASITICIDALS

It's time to turn it ...

with a little twist.

SAVAVET
Caring for Companions

SELAFORTE®

Selamectin spot-on solution for dogs and cats

You know it.
You have used it.
It's time to twist it.

Did You know?

Selamectin packed in conventional polyethlylene and polypropylene packaging have compatibility issues.

This made us go back to the drawing board and find out a hassle-free and reliable solution.

PARASITICIDALS

Award winning dispensing design from Europe for Indian pets.

SAVAVET
Caring for Companions

Twist'N'Use

Tamper-proof

The tube comes with a permanently affixed cap. Once the cap is twisted, it is irrevocably opened

Polyfoil Technology

Protects ingredients from moisture and other harmful substances thereby providing a longer shelf life compared to those stored in conventional polyethylene (PE) or polypropylene (PP) packaging

Consumer Simplicity

Simple design that offers accurate application of the enclosed product to the area of treatment.

Attractive Brand aesthetics with pre-printed label
